PROFESSIONAL SUMMARY

MCA student and aspiring Software Engineer with hands-on experience building Java-based web applications using Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, and JavaScript. Strong foundation in Object-Oriented Programming, MVC architecture, CRUD operations, database connectivity, and web application development. Completed a Software Development Internship and developed payroll management, e-commerce, portfolio, and responsive web projects. Seeking a Software Engineering opportunity to apply problem-solving skills and build scalable, reliable, user-focused software.

EDUCATION

G. H. Raisoni College of Engineering and Management, Wagholi, Pune **2026 – Present**
Master of Computer Application (MCA)

Balwant College, Vita – Affiliated with Shivaji University, Kolhapur **2022 – 2025**
Bachelor of Computer Science **CGPA: 8.45/10**

TECHNICAL SKILLS

Programming: Java, C, C++, C#

Backend & Web: Java Servlets, JSP, JDBC, HTML, CSS, JavaScript

Database: MySQL, SQL, CRUD Operations

Software Engineering: OOP, MVC Architecture, Database Connectivity, Web Application Development

Tools & IDEs: Git, GitHub, Eclipse, IntelliJ IDEA, VS Code, Visual Studio

PROJECTS

Payroll Management System *Java, JSP, Servlets, JDBC, MySQL*

- Designed and developed a database-driven payroll management web application for employee salary processing.
- Implemented employee management, salary calculation, attendance tracking, and administrative modules.
- Developed JDBC-based CRUD operations for storing and retrieving employee, salary, and attendance data from MySQL.
- Applied MVC architecture to separate application presentation, business logic, and data-access responsibilities.

Farmkart Agricultural E-Commerce Website *Java, JSP, ,JDBC,Servlets, MySQL*

- Developed an agricultural e-commerce web application enabling users to browse and purchase farming products online.
- Implemented product listing, shopping cart, database integration, and responsive user-interface functionality.
- Integrated Java web components with MySQL for database-driven product and application functionality.

Personal Portfolio Website *HTML, CSS, GitHub Pages*

- Designed and developed a responsive portfolio website showcasing projects, technical skills, resume, and contact details.
- Deployed the website using GitHub Pages. Github :<https://abhishekzure.github.io/abhishek-portfolio/>

Photo Gallery Website *HTML, CSS*

- Developed a responsive photo gallery using a structured grid layout for desktop and mobile devices.
- Organized image content into a clean and user-friendly interface.
- Github : <https://github.com/abhishekzure/chaikattamemory>

INTERNSHIP EXPERIENCE

CodSoft **May 2026 – June 2026**

Software Development Intern – Virtual Internship

- Worked on Java-based software development tasks with emphasis on core programming and Object-Oriented Programming concepts.
- Applied Java programming concepts to assigned development tasks and strengthened practical software development skills.
- Used Git and GitHub for code submission, version control, and maintaining development work.
- Applied problem-solving and debugging skills while completing assigned programming and development activities.

ADDITIONAL INFORMATION

Core Strengths: Problem Solving, Critical Thinking, Team Collaboration, Communication, Leadership, Self-Motivation

Career Focus: Software Engineering, Java Development, Backend Development, Web Application Development
